

HIGH-CAPACITY IC PNEUMATIC

THINK BIGGER

- ▶ Operator Presence Sensing System (OPSS)
- ▶ EPA/CARB-Certified Diesel Engine — 6-Cylinder
- ▶ Enclosed Operator Cabin
- ▶ Engine Monitoring System
- ▶ 22000 - 125000 lb. Capacity
- ▶ Load Center of 24," 36" and 48"

- ▶ THD2200-3600S-24
- ▶ THD3600-3600S-36
- ▶ THD3600-12500-48

TOYOTA HIGH-CAPACITY IC PNEUMATIC ADVANTAGES

▶ FACTORY BUILT TO ORDER

featuring modular construction — including the mast — for greater durability and easier servicing

▶ MD4 7" TOUCH SCREEN DISPLAY

puts ultimate customization, advanced diagnostics, and pertinent forklift information right at your fingertips

▶ EXCELLENT VISIBILITY

is provided from the operator's position in all directions

▶ ADVANCED ERGONOMICS

for optimal comfort and increased productivity

▶ AXLETECH® HEAVY-DUTY FRONT AXLE

for maximum durability

▶ OVERHEAD TILT CYLINDER*

increases strength and stability of mast

▶ **INTEGRAL OVERHEAD CAB GUARD**

provides clear sight lines and features pillarless front glass

▶ **DANA TRANSMISSION**

for proven durability and performance

▶ **HEAVY-DUTY STEER AXLE**

thick steel plate construction designed for rugged applications

▶ **STANDARD FINGERTIP CONTROLS**

to accommodate operator preference

▶ **CUMMINS® 6.7-LITER¹ OR 8.9-LITER², 6-CYLINDER TIER 4 FINAL DIESEL ENGINE**

to power the heaviest applications while meeting increasingly tough emission standards

1 - Standard on models: THD2200-3600S-24 | THD3600-3600S-36 | THD3600-7200-48

2 - Standard on models: THD8000-12500-48

MASSIVE JOBS JUST MET THEIR MATCH

TOYOTA HIGH-CAPACITY IC PNEUMATIC FORKLIFT (THD)

Our biggest forklift is your best weapon for the most demanding jobs. Think ports and shipping containers. Construction sites. Lumber, brick, block, and pipe. Forging and manufacturing. Then think bigger. Think Toyota. With a 6-cylinder CUMMINS® diesel engine, Dana transmission and a lift capacity up to 125,000 pounds, the rugged THD can handle almost any heavy load, even in the most challenging conditions. Ready? The THD is. Let's get to work.

BUILT TO TAKE IT

The might of a CUMMINS 6.7-liter, 6-cylinder diesel engine. The pulling power of three forward and three reverse speeds. And the strength of a rigidly welded frame and extremely durable steer axle. Add an engine protection system and wet disc brakes, and you're set for maximum heavy-duty productivity with minimal downtime. Even the paint is tough. Starting with a two-part, rust-inhibiting basecoat, followed by a two-part polyurethane topcoat. A majority of components are powder coated, too. All for extra corrosion protection. Bring it on, the bigger the better.

POWER, UNDER YOUR COMMAND

All that brawn comes with plenty of brains. A vehicle management system with onboard diagnostics shares useful information and timely alerts on a 7" touch screen multi-function display. Standard fingertip controls provide smooth material handling and variable speed control of all functions. A low-profile counterweight makes the THD easy to maneuver and puts you confidently in control.

COMFORTABLY AT EASE, VISIBLY MORE PRODUCTIVE

Advanced ergonomics and an enclosed cabin keep you comfortable as you work. Without a dashboard, sight lines are unobstructed, and there's a bonus: extra legroom. Add a two-stage, wide-view mast — with lift cylinders mounted directly behind the mast rails — and enjoy a reassuringly wide field of vision, too. See more, do more.

CARRY THE DAY, WHATEVER IT HOLDS

Bring your highest expectations. Prepare to have them exceeded. Strength, durability, and reliability are all standard equipment on the THD. Not just the toughest workhorse, the workhorse that stands up to anything you throw at it. Rely on it.

AN INVESTMENT THAT PAYS YOU BACK

Some competitors are content to design and build a forklift with systems bought off the shelf. Toyota demands better for its customers. It's a forklift with better components and meticulously planned integrated systems that work together to deliver intuitive, dependable performance day after day. Toyota forklifts don't often require service. But when they do, it's fast and easy — by design. And legendary Toyota quality means more productivity over the lifecycle of your forklift, along with lower repair costs. Higher residual value is another bonus.
